When peer assessing, ensure you check for the following:

- Connectives to link paragraphs.
- Language from the question is used.
- Quotations linked with analysis.
- Thoughtful, developed analysis.
- A reference to the audience.
- A reference to the context – think about the patriarchal society here and whether Lady Macbeth upholds it or challenges it.

Remember to use the key words: soliloquy, supernatural, persuasive, patriarchy and 'because, but, so' sentences

Initially, Lady Macbeth is shown as she is powerful but during that time, men ~~was~~ are more stronger. In Lady Macbeth's soliloquy, she says that Macbeth is 'too full of the milk of human kindness' this shows that she thinks she is stronger and Macbeth is too loyal to the King. So she think she will be able to kill the King. As an audience, we are very intimidated by her because she challenges the patriarchal society.
